The disclaimer excludes or does not contain any data or sign that may be considered as a suggestion or that may be utilized to base any speculation decision.

The company's business plan is not an investment, legal, tax nor financial nor accounting advice. Prior to placing an investment into Splash Fintech, an investor ought to counsel with his/her own legal, venture, assessment, bookkeeping, and different counselors to decide the potential advantages, troubles, and different results of such investment.

Proclamations herewith of chronicled certainty, comprise "forward-looking statements". A portion of these announcements can be distinguished by forward-looking terms, for example, "point", "target", "anticipate", "accept", "could", "gauge", "expect", "if", "mean", "may", "plan", "conceivable", "plausible", "venture", "should", "would", "will" or other comparable terms. Be that as it may, these terms are not the selective methods for distinguishing forward-looking proclamations. All announcements with respect to Splash Fintech and related business procedures, plans and the future possibilities of the business which Splash Fintech is in are forward-looking proclamations. These forward-looking proclamations, including yet not restricted to articulations as to Splash Fintech's income and benefit, possibilities, likely arrangements, other expected industry patterns and different issues mentioned in this document or other company sources are not noteworthy realities, but rather, just expectations.

These forward-looking proclamations include known and obscure dangers, vulnerabilities and different components that may cause the genuine future outcomes, execution or accomplishments of Splash Fintech to be tangibly not quite the same as any future outcomes, execution or accomplishments anticipated, communicated or inferred by such forward-looking articulations. These components incorporate, among others:

- a) changes in political, social, monetary and stock or digital currency economic situations, and the administrative environment in the jurisdictions in which Splash Fintech conducts its respective businesses and operations;
- b) the hazard that Splash Fintech might be not able or execute or actualize their particular business methodologies and likely arrangements;
- c) changes in interest rates and exchange rates of fiat currencies and cryptocurrencies;
- d) changes in the foreseen development systems and expected inward development of Splash Fintech;
- e) changes in the accessibility and pay rates of workers who are required to work for Splash Fintech
- f) changes of Splash Fintech's client's preferences;
- g) changes in the future capital needs of Splash Fintech and the availability of funds to finance Splash Fintech's expansion needs;
- h) sanitary situation, war or terrorism;
- i) natural or technological disaster;
- i) other factors beyond Splash Fintech's control; and

Comparing crypto-investment

What would happen to 1 Ether bought in 2018?

Historical performance

Past performance shows the returns that such an index composition would have achieved in recent years. This performance can be used as an additional tool for you to illustrate the risk and examine the profile's suitability for your preferences, but do not necessarily indicate future returns on the investment. Unequivocal conclusions should not be drawn from these data, they should be seen as a decision support tool. Of course there is no guarantee that what happened in the past will be repeated in the future.

Performance Analysis

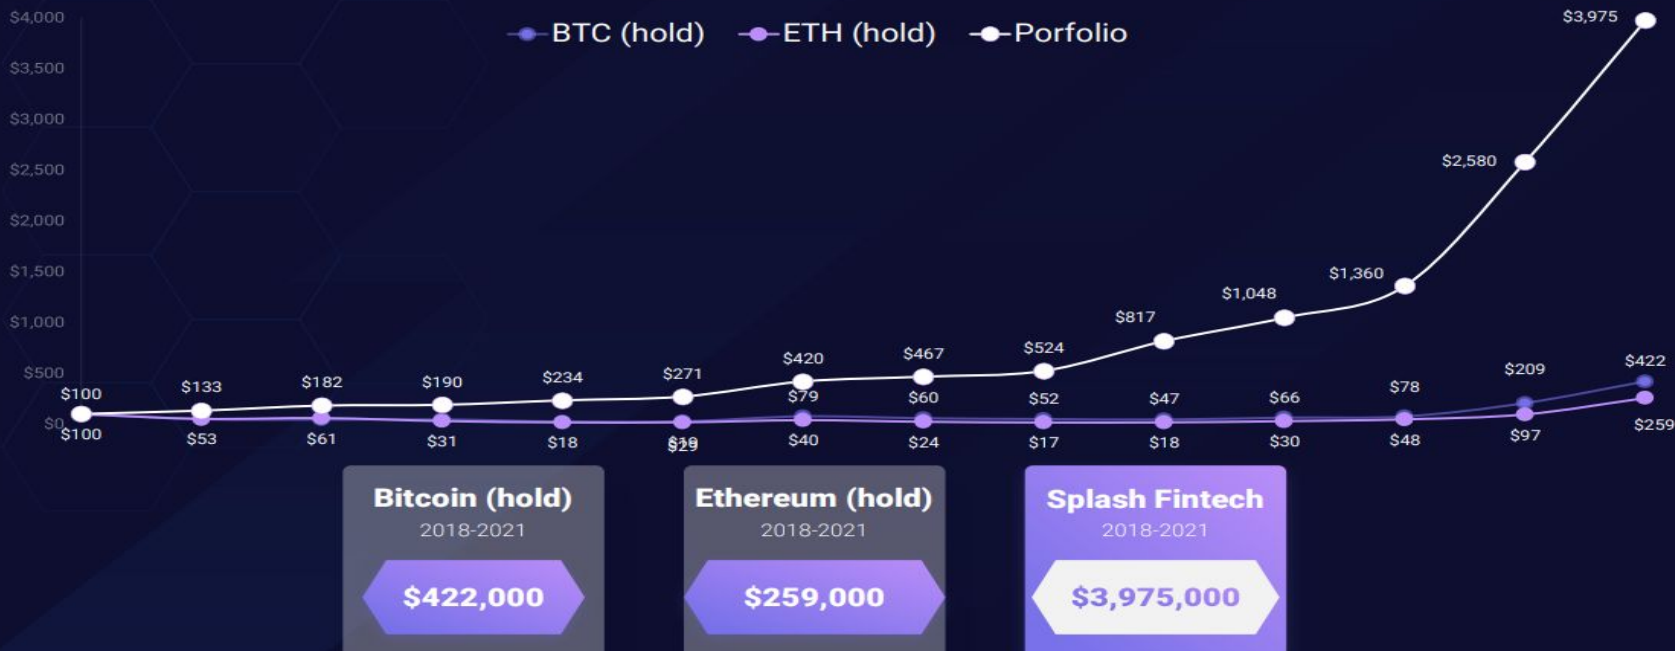

| Performance | Jan | Feb | Mar | Apr | May | Jun | Jul | Aug | Sep | Oct | Nov | Dec |
|-------------|-------|-------|-------|-------|-------|-------|-------|------|-------|-------|-------|-------|
| 2021 | 40.6% | 17.9% | -4.4% | 16.2% | -1.7% | | | | | | | |
| 2020 | 27.7% | 18.9% | 9.3% | 24.5% | 5.0% | -1.2% | 25.9% | 5.8% | -2.0% | 22.2% | 35.9% | 31.6% |
| 2019 | 0.1% | 11.7% | 3.9% | 15.4% | 35.5% | 4.4% | 1.0% | 7.1% | 2.9% | 5.2% | 5.5% | 1.5% |
| 2018 | 15.3% | 12.3% | 4.8% | 25.9% | 6.4% | 4.6% | -3.9% | 6.4% | 2.1% | 7.7% | 9.6% | 5.7% |

Non-cumulative historical performance

The data are presented for illustration purposes only. Past scenarios do not guarantee the future development of the investment portfolio, and their presentation does not guarantee a return. Of course there is no guarantee that what has happened in the past will be repeated. It should be emphasized that the estimates are only an indication and do not impose any obligation and / or responsibility on the company and / or its employees. Historical performance is based, among other things, on data and assumptions (some from external sources), and is subject to change at any given moment, and it should be emphasized that the actual return on the investment portfolio may differ significantly.

What would have happened to \$100,000 invested in Splash fintech in January 2018?

Cumulative historical performance
